TCD DESIGNS WINE CABINETS WITH SPANISH ELEGANCE

Fine wine epicureans who love the Spanish varietals will appreciate the authentic Spanish elegance in this wine cabinet designed and manufactured by Tempo Carpentry & Design, Inc. Working with interior designer Christy Newman of A Touch of Elegance, TCD designed this delicately hand-carved cabinet working from images of antique Spanish furniture.

Surrounding the recessed arched doors are crisp, period-authentic Spanish moldings and an acanthus crown. The lower cabinet features the Tempo Collection's distinctive Córdoba doors and drawer front, with graceful yet bold curves and floral motifs indicative of the region. A similar cabinet was scaled and fitted in the adjacent wine cellar.

Exclusive to TCD, the Córdoba line of the Tempo Collection offers architectural elements with which designers and homeowners may design furnishings ranging from simple bathroom vanities, to large wine cabinets and armoires, to entire gourmet kitchens. Along with the Córdoba door, the Tempo Collection offers complimentary stiles, aprons, crowns, and moldings, all with a similar Spanish flair.

Please let us know how we might be able to similarly serve your distinctive hardwood design needs.
